

## PROTECTIVE SCREEN (ALUMINIUM EXTRUSION FRAME)

This screen is used when social distancing is required between customers and staff

-Protective screen is a transparent ¼" acrylic sheet and easy to clean.

-Frame is fabricated with 1.5" aluminum extrusion.

-This screen does not need to be bolted , it is freestanding and easy to move and install.

- The bottom frame is height adjustable for passing through equipment.

-Very light and easy to clean and install.
